SISGEB Chronology

continue

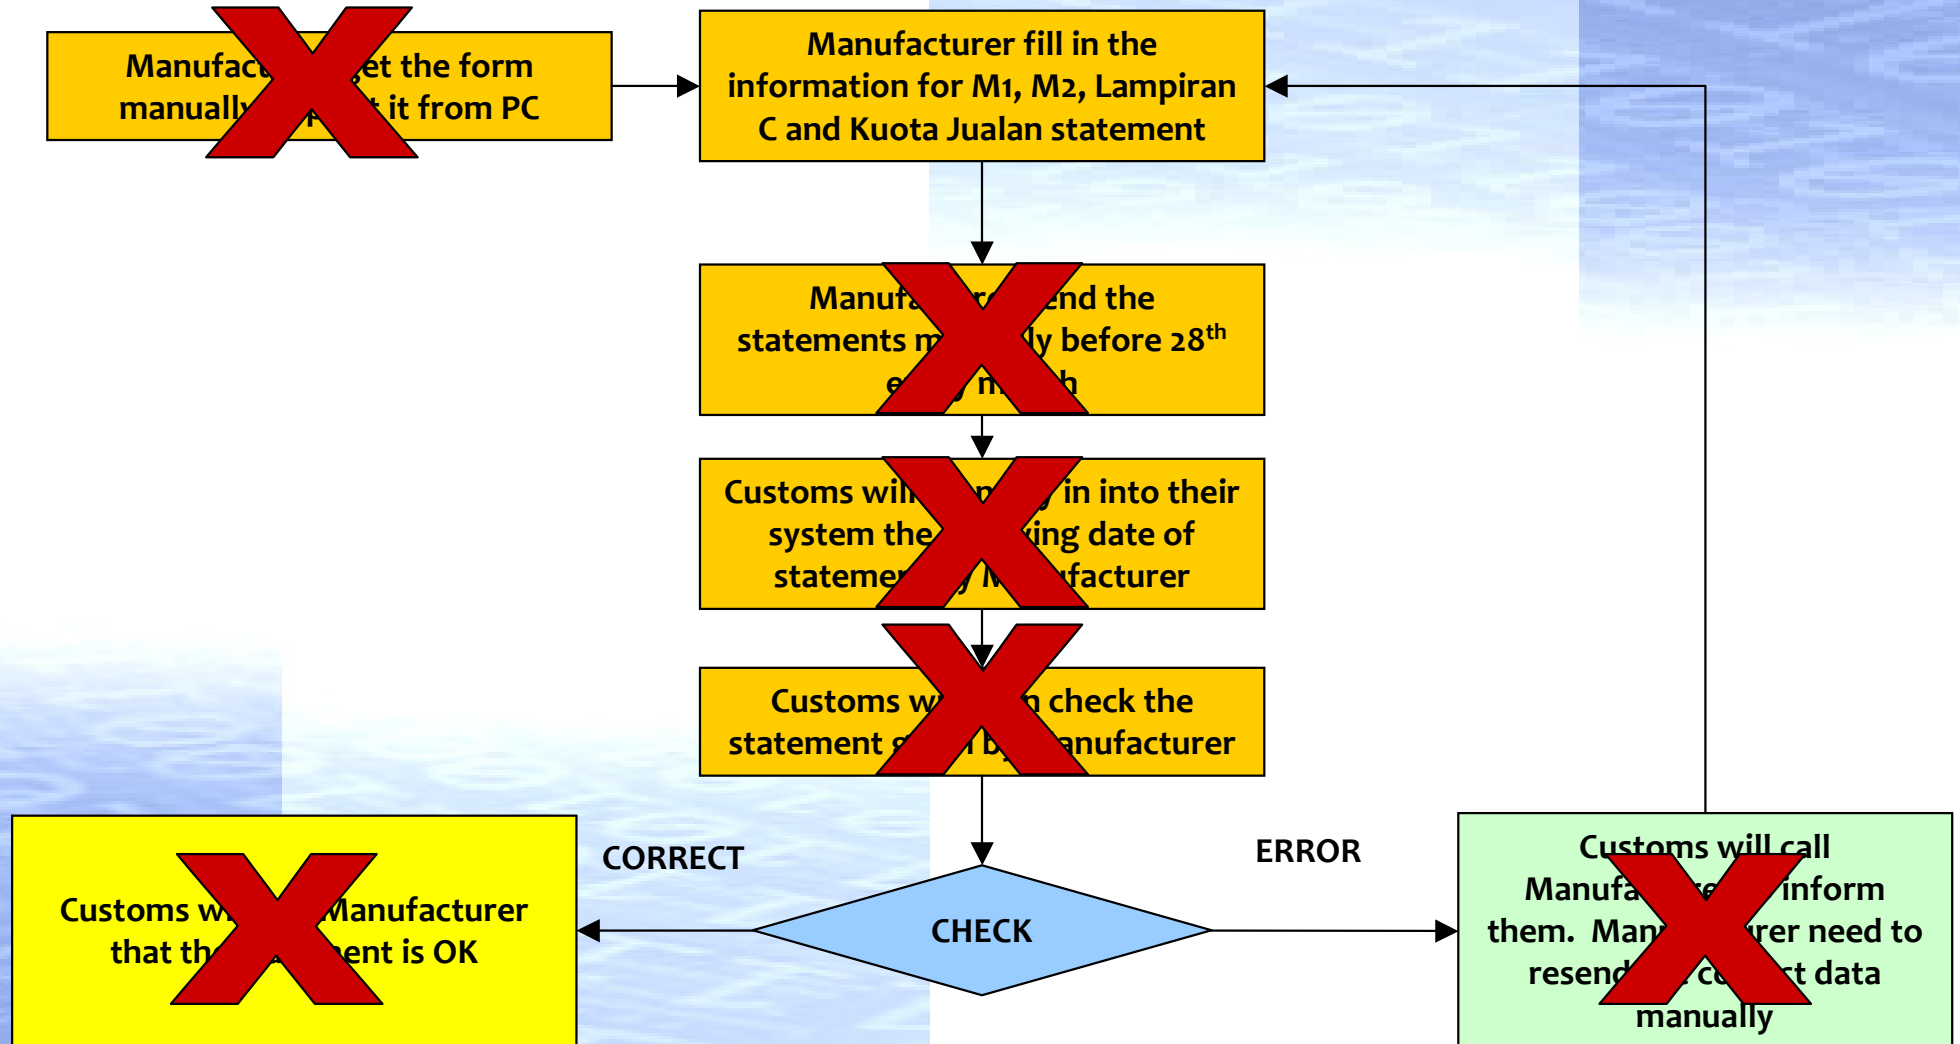

- November 2004, CMnet was appointed by Kastam Selangor to develop and operate the “Sistem Syarikat Penggudangan Pengilangan Berlesen” or SISGEB for forms M1, M2, Lampiran C and Kuota Jualan
- January 2005, briefing done to about 50 companies in preparation for the Pilot implementation.
- March 2005, presentation done to all Pengarah Kastam Negeri during Mesyuarat Kualiti Kastam to gain support. Jawatan Kuasa Pengurusan Projek SISGEB was established.
- May 2008, enquiries from several companies / forwarding agents
- June 2008, workshop organized by Kastam Selangor to more than 100 GPB
- November 2008, presentation to Bahagian Kastam, Ibu Pejabat KDRM Putrajaya, on SISGEB.
- February 2009, launching SISGEB at Kastam Selangor.

Objectives

- To create, develop, install and fully implement an on-line version of M1, M2, Lampiran C and Kuota Jualan
- To increase the automation level of receiving, processing and checking of statements
- To standardize the form and data-entry format for manufacturer's statement
- To minimize human interference in sustaining data accuracy and integrity
- To improve turn-around time of document processing
- Towards complementing “e-Government” services and 100% of paperless trading environment

Conventional

Process Flow
